INDEX.

Abattoirs, public, 699
Abdomen, penetrating wound of, recovery, 1172
Abdominal aorta, aneurysm of the, 1120
—— belt, sanitary woven horsehair, 824
—— operations, 370
—— section, cases of, 802, 855; the mortality of, 817; section in tubercular peritonitis, two cases of, 1170
—— swellings, presence of air in, 514
—— walls, arrested development of the, 112, 192, 241, 353
A B C Medical Diary and Visiting List (review), 1184

ABERDEEN CORRESPONDENCE.—The Aberdeen University, 139—Resignation of Prof. Brazier, ib.—The health of the city, ib., 742—The Aberdeen University Council, 742—The new professor of chemistry, ib.—Opening of the winter session, ib.

Aberdeen, the medical session in, 832
—— Medico-Chirurgical Society, 1024
—— Lunatic Asylum, 696
—— University, 292, 647; Club, 1083
Abortion, the law in relation to, 739
Acetic acid as a disinfectant in midwifery, 432
Acetonuria, the relation of, to diabetic coma, 1067
Acids, effect of, on the sense of taste, 339
Aconite and belladonna, poisoning by, 313
Actinomycosis, communicability of, 176; pulmonary, 1250
Adam, Dr. J., treatment of the insane, 641
——, Dr. T. B., is tetanus contagious? 419
Adami, Mr., on valvular disease of the heart resulting from overstrain, 1181
Adams, Dr. J., presentation to, 846
Addison's disease, 926
Adelaide Hospital, introductory address at, 1025
Adonidine in heart disease, 1012
Adulteration of food prosecution, 1101
Æthusa cynapium, symptoms of poisoning by, 16
After-care Association for Poor and Friendless Female Convalescents, 94, 685
Aged outcasts, a refuge for, 784
Agricultural department, report of the, 287
Ahmedabad, sanitation of, 599
Air of public buildings, the, 377
Aitkens, Mr. J. A., obituary notice of, 1049
Akiurgie, Vorlesungen über (review), 1184
Albumen, estimation of, in urine, 1032
Albuminuria, the influence of increased arterial tension on, 1074, 1139; in relation to life insurance, 1250; peripheral reflux, high tension pulse in, 1125; functional, classification of the various forms of, 953, 1008
Alcohol, toxicity of, 743; researches on, 844; and longevity, 173, 281, 288; question, some aspects of the, 1242; in diphtheria, 1302
Alcoholic excess in London, deaths from, 132
—— paralysis, 1183
Alcoholism, 44; chronic, debate on the morbid anatomy and pathology of, 1126, 1231
Alderson, Dr. F. H., on death certificates, 97
Alexander, Dr. J., on sanitary administration at Brixham, 1099
Algiers, 699
Allbutt, Dr. T. C., address in medicine, 246; on Davos as a health resort, 704
Allen surgical pump, 228
Allingham, Mr. H., on resection of inferior maxillary joint, 1071
——, Mr. W., the Diagnosis and Treatment of Diseases of the Rectum (review), 1073
Allwright, Dr. F. W., on a case of tropical liver abscess, antiseptic incision and drainage, recovery, 163
Alnwick, sanitary conference at, 386
—— Infirmary, 890
Alpine climate in phthisis, 792
Amblyopia from symmetrical lesions, 434
Ambulance drill, 95
—— Work, Illustrated Lectures on (review), 1284
—— work in the north, 232, 447, 793
Ambulances, 432, 551, 602
American physicians and surgeons in Washington, congress of, 278, 339
—— Public Health Association, 1303
—— System of Gynecology (review), 918
Amnion, functions of the, 1274
Amputation stumps, lecture on, 1113
Amputations, major, antiseptic treatment of, 57, 213
Amusements, barbarous, 1249
Anæmia, pernicious, pathology of, 555, 559, 608, 654, 678; dilated stomach and melano-sarcosis, 559, 608, 654
Anæsthetics, address on, 152; the use of, 523, 592, 888; the teaching of, 639, 791, 839; the effects of, on the cornea, 1145
Anagyrine, 392

ANALYTICAL RECORDS.—Pure compressed milk extract, prepared by the Swiss Milk Company, St. Gall, 25—Pure compressed cream milk, ib.—Milk chocolate powder, ib.—Biscuits and bread for the diabetic, ib.—Wines and spirits, ib.—Real turtle soup, ib.—Pure essence of beef, ib.—Pure beef-tea, ib.—Schweitzer's cocoatina, 377—Anti-dyspeptic cocoa, ib.—Pure Dutch milk, ib.—Pure rich thick cream, ib.—Bury's snowdrift cake flour, ib.—Dahl's dyspepsia cakes for children, the children's bread, ib.—Loeflund's Alpine milk biscuit (powdered) for children, ib.—Compressed beef in tablets (nutrimentin), ib.—Universal digestive tea, prepared by patented process, ib., 824—Vapour cones, 823—Eucalyptusine, ib.—Thymol toilet powder, ib.—Beef bouillon, ib.—Caffeine, prepared from denatured tea, ib.—Prof. Kremianski's meat powder, 824—The toilet and bath tablet, 1138—New sanitas preparations: sanitas wool; sanitas dog soap, ib.—Condensed cream and malt extract, excelsior brand, ib.—Tapp's magic water softener, 1139—Coleman's Liebig's extract of meat and malt wine, ib.—Cook's patent meal for porridge, ib.—Rhens, a purely natural sparkling mineral water from the Rhens spring, ib.

Anatomical diagrams, an easy method for producing large, 288, 325, 403
—— displays, 1036
—— Society of Great Britain and Ireland, 946
Anatomy and Physiology, Journal of (review), 974
Ancoats Hospital, Manchester, 607; Prince Albert Victor at, 940
Anderson, Mr. A. R., presentation to, 846
Anderson's College Medical School, 693, 1198
Andover Cottage Hospital, 211
Aneurysm, treatment of, 448; at bend of elbow, ligature of radial, ulnar, and brachial arteries, 164; aortic, 399, 914; of basilar and middle cerebral arteries, hemiplegia, double optic atrophy, death, necropsy, 718; aortic, following railway injury, 981; following galvanopuncture, 1019; descending into vena cava, 1234; traumatic venous, 1066; of the abdominal aorta treated according to Tufnell's method, 1120; innominate, 1182
Aneurysmal varix in a stump, 60
Aneurysms, 1022
Aniline treatment of phthisis, 388
—— in skin diseases, 392
Animal exhalations, poisonous nature of, 34
—— vaccine, 943
Animals, effect of dust in flour mills on, 633
Animals' Institute, 549, 628
Ankylosis of skeleton, 768

ANNOTATIONS.

Milk from tuberculous cows, 239; fermented, 587; and enteric fever, 941
Milk chocolate powder, 25
—— curding ferment of the stomach, the, 984
—— extract, pure compressed, 25
Milligan, Mr. W., a case of purpura hæmorrhagica, 864
Milne, Dr. J. R., obituary notice of, 504
Milner, Mr. J. F., a caution, 1054
Milton rural district, health of, 590; hospital extension at, 910
Mind and matter, 579
Mineral waters, the use of, 684

MIRROR OF HOSPITAL PRACTICE, BRITISH AND FOREIGN.

ARARAT HOSPITAL, ARARAT, VICTORIA.—Suppurating hydatid of lung, treated by aspiration and cleansing with carbolic lotion, 1125
BIRMINGHAM AND MIDLAND HOSPITAL FOR WOMEN.—Congenital cyst of the urachus; abdominal section; recovery, 675
BOLTON INFIRMARY.—Chronic general arteritis; death; necropsy, 766—Carcinoma of gall bladder; necropsy, 963
BRIGHTON HOSPITAL FOR SICK CHILDREN.—Intussusception of the cæcum and vermiform appendix; death; necropsy, 17
BURTON-ON-TRENT INFIRMARY.—A case of traumatic tetanus; recovery, 314—Compound comminuted fracture of the skull, with extensive injury to the brain; operation; recovery, 1230
CALCUTTA MEDICAL COLLEGE HOSPITAL.—Large venous angioma of arm; operation; recovery, 1066—Traumatic venous aneurysm; operation; recovery, ib.
CITY OF LONDON INFIRMARY.—Intra-cranial suppuration with negative symptoms; necropsy, 209
DEWSBURY AND DISTRICT GENERAL INFIRMARY.—Subacute catarrhal nephritis, 1125
GUY'S HOSPITAL.—Amputation at the knee for epithelioma of the left leg and for recurrent melanotic sarcoma of the right leg, 715—Progressive caries of the tarsus, 765—Multiple exostoses, ib.—Suppurating bubonocele; operation; recovery, 814—Severe burns; necrosis of ascending ramus and condyle of jaw; sequestrotomy; recovery, ib. — Compound depressed fracture of skull, with paralysis of eye; trephining; recovery, 912—Foreign body in external ear, leading to suppurative otitis media and pyæmia; death; necropsy, ib.
HOSPITAL FOR SICK CHILDREN.—Three cases of arthrectomy of the knee, 113
KASHMIR MISSION HOSPITAL. — Abdominal cases, 964
KIDDERMINSTER INFIRMARY AND CHILDREN'S HOSPITAL.—Imperforate rectum; operation; death; necropsy, 266
KING'S COLLEGE HOSPITAL.—Case of typhoid followed by measles; parotitis and sloughing of the face, 209
LEEDS GENERAL INFIRMARY.—Adherent pericardium of rheumatic origin; hæmorrhage into peritoneal cavity; death, 165—Villous tumour of bladder; supra-pubic cystotomy; recovery, 421—Scirrhus of pylorus, with excessive vomiting; repeated intra-venous injections of saline solution, 620
LEICESTER INFIRMARY. — Double empyema, treated by resection of rib on right side, and drainage and insertion of tube in left side without resection; recovery, 114
LIVERPOOL INFIRMARY FOR CHILDREN. — Cerebral hæmorrhage in a child aged nineteen months, 422
LIVERPOOL NORTHERN HOSPITAL. — Acute glossitis, 18
LIVERPOOL ROYAL INFIRMARY.—Some abdominal operations, 370
LONDON TEMPERANCE HOSPITAL. — Strangulated inguinal hernia; kelotomy; removal of sac; mental disturbance, culminating in acute mania on the tenth day; recovery, 1175
MIDDLESEX HOSPITAL.—Two cases of pyæmia; death, 420—Peri-renal myxoma; retro-peritoneal abdominal nephrectomy; recovery, 518—Movable kidney; nephrorraphy; cure, 674—Idiopathic thrombosis of cerebral sinuses and veins of Galen in a young woman, 1124—High tension pulse with peripheral reflux in albuminuria, 1125
MOUNT BISCHOFF HOSPITAL, TASMANIA. — Acute intussusception; laparotomy; recovery, 315
NORTH LONDON HOSPITAL FOR CONSUMPTION.—Pyo-thorax; paracentesis; recovery, 571
NORWOOD COTTAGE HOSPITAL.—Multilocular ovarian tumour; operation; rapid recovery, 267
PADDINGTON INFIRMARY.—A case of hysterical aphonia in a woman aged seventy-one; recovery, 314
PENDLEBURY HOSPITAL FOR SICK CHILDREN.—Caries of the spine with angular curvature, in which the spine was trephined to relieve pressure on the cord, 64—A case of otitis interna and cerebellar abscess, in which the skull was trephined and the abscess opened; necropsy, 210
PISHIN CIVIL DISPENSARY.—Lateral lithotomy in an Afghan boy, 1018
ROCHDALE INFIRMARY.—A fatal case of comminuted fracture of the cervical vertebræ without immediate symptoms, 519
ST. BARTHOLOMEW'S HOSPITAL.—Passage of gas and fæces through the urethra; colotomy; recovery, 619—A case in which a cartilaginous tumour was removed from the subcutaneous tissue at the outer side of the knee joint, 1228
ST. GEORGE-IN-THE-EAST INFIRMARY.—Case of charbon; excision; recovery, 1230
ST. MARYLEBONE INFIRMARY. — Tubercular laryngitis; tracheotomy performed with cocaine, 519
ST. MARY'S HOSPITAL.—Acute intestinal obstruction; abdominal section; recovery, 765—Three cases in which gastrostomy was performed, 1016—Laparotomy in cases of double tubercular pyo-salpinx and strangulated femoral hernia, 1065
ST. THOMAS'S HOSPITAL.—Œsophagotomy for an impacted artificial plate; recovery, 17—Varicose aneurysm at bend of elbow; ligature of radial, ulnar, and brachial arteries after failure of compression; cure, 164—Compound fracture of the cranium, with depression and escape of cerebral matter; operation; recovery, 265—Epithelioma of sole of foot, with implication of femoral and iliac glands, ib.—Hydatid cyst of the transverse meso-colon; abdominal section; removal; cure, 369—Three cases of poisoning (red oxide of mercury, corrosive sublimate, and dinitrotoluene); recovery, 570—Two cases of injury to the cervical region, followed by brachial paraplegia; recovery; remarks, 962—Supra-pubic cystotomy; complete rupture of bladder wound; primary union; scarlet fever; recovery, 1174
SALOP INFIRMARY. — Rupture of the gall bladder; peritonitis; death; necropsy, 866
SAMARITAN HOSPITAL FOR WOMEN, BELFAST.—Three cases of rare occurrence, 166
SEAMEN'S HOSPITAL, GREENWICH.—Two cases of cerebro-spinal meningitis; death, 63
SOUTH DEVON AND EAST CORNWALL HOSPITAL.—Suture of the urethra in a case of perineal section for rupture of the urethra, 913
STATION HOSPITAL, PORTSMOUTH.—A case of apex pneumonia; recovery, 114
TIVERTON INFIRMARY.—Case of mediastinal growth; death; necropsy, 1176
UNIVERSITY COLLEGE HOSPITAL.—Sarcoma of upper jaw; operated on five times in nineteen months; no recurrence four years after last operation, 865
VICTORIA COTTAGE HOSPITAL, GUERNSEY.—Supra-pubic lithotomy, 913
VICTORIA HOSPITAL FOR CHILDREN.—Gonorrheal rheumatism occurring at the age of nine years, 675
WEST HERTS INFIRMARY.—Urethral stricture, 816—Caries of spine with abscess, 866—Osteotomy for deformity of tibiæ, ib.
WEST LONDON HOSPITAL.—Two cases of suppurative peritonitis for which laparotomy was performed, with one death and one recovery, 1277
WEST NORFOLK AND LYNN HOSPITAL.—A case of supra-pubic lithotomy, 1280
WOLVERHAMPTON & STAFFORDSHIRE GENERAL HOSPITAL.—Fatal operation for radical cure of inguinal hernia; radical cure of large umbilical hernia, 717
WOOLWICH INFIRMARY.—Aneurysm of basilar and middle cerebral arteries; hemiplegia; double optic atrophy; death; necropsy, 718
WORCESTER GENERAL INFIRMARY.—Recurrent fibro-sarcoma of thigh; successful amputation through the trochanters, 816

Moffat, Dr. R. M., whose turn next? 690
Mole, vesicular, 210
Money, Dr. A., on chronic infantile sclerema and paralysis, 811
Monin, Dr. E., L'Alcoolisme, Étude médico-sociale (review), 822

PARLIAMENT (MEDICAL NOTES IN).—Royal Barracks, Dublin, 46—Pharmacy Act (Ireland), 1875, Amendment Bill, ib., 1265—Pollution of rivers, ib.—"Denatured" tea, ib.—Evidence of medical men, ib.—The vaccination officer of the Mile-end Union, ib.—Telegrams, 47—Anti-vaccination, ib.—Insanitary condition of emigrant ships, ib.—Victoria University Bill, 95, 143, 191—Swine fever, 95—Habitual Drunkards Act (1879) Amendment (No. 2) Bill, ib., 143—Metropolitan Asylums Board, 95—The Truck Acts and hospital collections, ib.—Lunacy Acts Amendment Bill, ib.—Contagious Diseases Acts in Madras, ib.—Factory labour in India, ib.—Local Government Bill, 143—Medical officers under the new county councils, ib.—New cemetery at East Ham, 191—The death of a patient at Colney Hatch, ib.—English University Colleges, ib.—The execution of criminals, ib.—Colour-blindness in seamen, ib.—The Indian Medical Service, ib.—Dr. MacCabe, 238—Dr. Barr, ib.—Vaccination in Wales, ib.—Coroners' inquests, ib.—The inquest on Mr. Mandeville, ib.—Royal Marine medical officers, ib.—Anthrax, 239—Contagious diseases in India, ib.—Milk from tuberculous cows, ib.—The sweating system, 295, 351—Medical officers of health, 295—Lock hospitals in India, ib.—Sanitary condition of police cells, ib.—The case of Dr. Middleton, ib.—Surgeon Thomas Munan, ib.—Tuberculosis, ib.—Supply, ib., 1158—Prison dietary (Ireland), 295—Public Health Act Amendment Bill, ib.—Private lunatic asylums, 351—Vaccination grants, 947—Victoria University Bill, 1000—Public Health Act Amendment (Buildings in Streets) Bill, ib., 1108, 1158, 1212, 1265—Criminal literature, 1000—The committee on sweating, 1051—Infant mortality, ib.—Broadmoor Criminal Lunatic Asylum, ib.—Typhoid fever in Dublin barracks, ib.—Bow-road Cemetery, ib.—Pleuro-pneumonia, ib.—Surgeons employed on mail steamers, ib.—The Royal College of Surgeons and the Supplemental Charter, ib.—Vaccination, 1108, 1212—Juvenile criminals, 1108—Votes on pauper lunatics and London University, 1158—Food and Drugs Act, 1159—Medical practitioners in Switzerland, ib.—The Mandeville case, ib.—Infectious diseases in towns, 1212—Lady doctors in India, ib.—Mortality in North Staffordshire mines, ib.—The Scotch Universities Bill, ib., 1264—Sanitary condition of Cradley Heath, ib., 1264—Haslar Hospital, 1212—Mortality from cancer, ib.—Sanitary condition of Dublin barracks, ib.—Cruelty to Children (Prevention) Bill, ib.—Lunacy, ib.—Infant life protection, 1264—Carbolic acid poisoning, ib.—Insuring infant lives, ib.—Medical officers of prisons, ib.—M. Pasteur's treatment of hydrophobia, ib.—Medical officers on foreign service, ib.—Enteric fever in Gibraltar, ib.—The Queen's Colleges, ib.—Labour in the docks, 1265—Recognition of sanitary services, ib.—Army medical officers, ib.

Parliamentary reporting, 585
—— session, the, 327
Parsee Lying-in Asylum, 349
Partridge, Mr., again, 388
Pass examinations, operative surgery at, 1028
Pasteur, Dr. W., an abscess outside the tonsil in an infant causing dysphagia and dyspnœa, relieved by operation in the neck, 62
——, M., the inoculations of, 547; and bacteriology, 844
—— Institute, the, 999, 1047
Patella, case of ununited fracture of the, treated by Lister's operation, 360
Patent medicines, 1193
Paterson, Professor, dinner to, 696
Patho-biological laboratory, 985
Pathological demonstration, a sensational, 553
Pathology, application of the theory of evolution to, 205, 309; General, a Manual of (review), 211
Patrick, Dr. R., death under chloroform, 791
Pauperism in England and Wales, 981
Pavia, hysteria in, 179
Pavy, Dr. F. W., on saccharin, a disclaimer, 887
Payne, Dr. J. F., a Manual of General Pathology (review), 211; on the morbid anatomy and pathology of chronic alcoholism, 1126
Pearse, Dr. T. F., on the alkaline treatment of eczema, 63; pessary for prolapse of the bladder, 424
——, Mr. E. S., on enteric fever at Brierley-hill and the sanitary authority, 649
Peculiar People, the, 835
Pellagra in Italy, 586
Pelvic cellulitis in the male subject, 174
Pemphigus, conjunctival, 527
Penny, Mr. W. J., on acute intestinal obstruction, early operation, successful result, 10
Pension fund for nurses, 1258
Pepper, Mr. A. J., on cases of Gastrostomy, 1016
Perceval, Mr. M., on antipyrin in laryngismus stridulus, 961
Perforation during enteric fever, relapse, recovery, 763
Pericarditis, purulent, its origin, symptoms, and treatment, 1068
Pericardium, adherent, of rheumatic origin, hæmorrhage into peritoneal cavity, 165
Perineal lithotrity, 564
—— section, suture of the urethra in, 760
Perineum, Treatment of Rupture of the (review), 622; and the pelvic floor, surgical treatment for lacerations of the, 960
Peritoneal transfusion, 1084
Peritonitis, 267; perforative, caused by round worms (ascarides lumbricoides), 416; suppurative, 1021; acute perforative, special diagnosis in, 1060, 1116; two cases of suppurative, for which laparotomy was performed, with one death and one recovery, 1277
Peri-uterine hæmatocele, 210
Permewan, Mr. W., on Weil's disease, 42; fatal case of poisoning by mussels, with remarks on the action of the poisons, 568
Pernicious anæmia, 555, 559, 608, 654
Perry, Dr., on acute intestinal obstruction, 1020
Pettenkofer, Professor von, the jubilee of, 1246
Pessimism, modern, 976
Phallus impudicus, 48
Pharmaceutical specialities in Belgium, 34

PHARMACOLOGY AND THERAPEUTICS.—Soluble podophyllin and acetanilide-monobromo; Treatment of malignant scarlatina; Sticking-plaster treatment of erysipelas; Delicate test for bismuth, 37—Ricin, a toxic ferment contained in castor-oil seeds; Hydrastis canadensis, 133—Salicylic acid in metrorrhagia; Cocoanut as a vermifuge; Linseed as a substitute for gum arabic; Creolin in purulent ophthalmia and gonorrhœa; Cascarine pastils; Cocaine; Treatment of whooping-cough; Ichthyol in erysipelas; Menthol ointment, 341—Thallin in gonorrhœa; Hypodermic injection of soda salts in uterine hæmorrhage; Ouabaïne and strophantine; Alkaloids in cod-liver oil; Anagyrine; Aniline in skin diseases, 392—Quilaya bark in catarrh; Oxygen in the capillary bronchitis of children; Thallin in gonorrhœa and gleet; Tannin in phthisis; Boric acid in leucorrhœa; White bryony; Tylophora; Pyridine, 437—Concentrated preparations; Tabloid triturates; Sulphate of soda; Soluble antiseptic lotion-pellets; Eucalyptia; Chloride of methyle; Salol; Fermented milk; Sabatia angularis; Elixir of black currant, 587—Mercury succinimide for subcutaneous injection; The constant current in epilepsy; Cæsium and rubidium; Picroadonidin, the active principle of adonis vernalis; Uræmia in pregnancy; Simulo in hysteria and epilepsy, 754—Cascaradyne tablets (Sandell's); Sacker's cascaræ sagradæ aperient fruit lozenges; Sacker's compressed pellets; Schieffelin's soluble coated pills; fluid extract of manaca; Piché, 836—Glycerine suppositories (Wyleys & Co.); Colman's sinapisms; "Tabloids" of compressed Warburg's tincture; Salol; Eseridine; Aseline and morrhuine, 932—Southall's "standard" tinctures; "The Leicester" patent ointment and lotion covers; Napthalin in intestinal catarrh; Erythrin, a new alkaloid; Hedwigia balsamifera, 1252

Pharmacopœia, British, an Introduction to the Study of the (review), 167
——, Extra (review), 973
Pharmacy Act prosecution, 187
—— Amendment Bill (1875), 46, 1150; Amendment Bill (Ireland), 775, 1150
——, Practical and Pharmaceutical Methods, Manual of (review), 117
Philanthropic proposal, a, 629
Phillimore, Mr. W. P. W., a dictionary of medical specialists, 543
Phillips, Dr. J., on the value of pilocarpine in pregnancy, labour, and the lying-in state, 719; on ventral fixation of the uterus for intractable prolapse, 760
Phlogogen secreted by germs, 434
Phosphorus necrosis, turpentine in, 844
—— poisoning, cases of, 79, 1055
Phthisis, the etiology of, 26; apical, arrested, 110; the Localisation of the Lesions of (review), 167; acute, in a young child, 431; aniline treatment of, 388; tannin in, 437; treatment of, by residence at high altitudes, 515, 792, 872; hydrofluoric acid in, 581; hot-air inhalations in, 628; insanity and, 91
Physicians, the friendships of, 1031
